

Form usage Guide

To access the Table reservation form and book a table, Open the Form link provided-

i.e, [Table Booking](#)

That link will take you to the form which allows users to enter required details for table reservation.

Example:

The screenshot shows a web browser window with a single tab titled 'Table Booking'. The address bar shows a file path: 'D:\akshay\PHN\%20Internship\MBA\HTML%20and%20CSS\Task-1%20Restaurant%20table%20reservat...'. The browser's toolbar includes various icons for file operations and extensions like 'Microsoft Edge Ad...', 'YouTube', 'Gmail', 'Meet - Google Meet...', 'Classes', 'Facebook', 'Excel 2010 Tutorial...', 'Login', 'Maps', 'Translate', 'DiscUdemy - Free U...', and 'HTML practice'. The webpage content has a purple header with the title 'Table Reservation with The Indian Spice Club'. Below the header is a green form with the following fields: 'Name:' with a text input 'Enter your name'; 'Date:' with a date input 'dd-mm-yyyy' and a calendar icon; 'Time:' with a time input 'hh:mm' and a clock icon; 'Mobile Number:' with a text input 'Enter your Mobile no.'; 'Persons:' with a text input 'Number of Guests (press up arrow to increase)'; 'Seating preference:' with a dropdown menu showing 'None'; 'Special Occasion:' with a dropdown menu showing 'Birthday'; and a green 'Submit' button. At the bottom of the form, there is an 'About us:' section. The browser's status bar at the bottom shows the Windows taskbar with various application icons, the system clock '27°C Clear', and the time '10:48 PM'.

Customer will Enter the details and submits the form.

Management will receive a reservation request according the form details allocate the table and send the table details to Customer Mobile Number
